# Sinfully Delicious

**Vanity Mansion**, a new venue located off of Heritage Row in Kuala Lumpur, is a combination restaurant-bar-disco-karaoke lounge where one can satisfy quite a few hedonistic desires – especially the desires to ingest and imbibe! Created by the same people behind Envie ClubLounge on Changkat Bukit Bintang, Vanity Mansion is the second in a planned series of seven dining and entertainment outlets, each one named after one of the seven deadly sins.

Vanity Mansion, with its glitzy and glamorous ambiance, embodies the sin of Pride. The restaurant area is decorated in a tastefully extravagant manner with flashy crystal chandeliers, elaborately designed wallpaper and metalwork, and plush seating. Alfresco dining is also available in the adjoining courtyard. Besides the restaurant, Vanity Mansion boasts two bars – which serve unique creations such as their signature “Seven Sins” cocktail, a spacious dance floor (with live music and DJ’s), and seven private karaoke rooms on the top floor.

The restaurant serves fine French-Italian fare with occasional Asian twists and touches. Chef Amin prepares an extensive array of culinary creations sure to tempt and satisfy any palette. Our starter consisted of crispy soft shell crab on a bed avocado cream salsa and dried tomato watercress salad. Artfully presented and absolutely delicious.

For our main course, we were treated to the pan-seared hickory smoke salmon on potatoes gratin and crispy leek, with herb beurre blanc sauce. The flavours of the fish, sauce and vegetables melded together perfectly and melted in the mouth.

This was followed by a generous portion of the aglio olio spaghetti loaded with porcini mushrooms. This was a spicy dish, which left a lasting impression on the taste buds.

And just when I thought I had completely satisfied my gluttonous urges, the waiter brought the dessert: crème brulle with chocolate genoise and angel hair sugar.

Vanity Mansion is the perfect place to fulfill your desires to eat, drink and be merry. It would be a sin not to go! **Text by William Citrin**
